## We are IEC

Independent Electrical Contractors (IEC) is the premier national trade association for merit shop electrical contractors. IEC serves our membership by providing workforce development solutions. Solutions include apprentice recruitment, career-long training, employee retention strategies, and insights on new tools and technologies to maximize productivity. Delivering programs that support the entire career of an electrician, IEC delivers the core training, certification, advocacy, codes and safety standards, and peer-to-peer networking opportunities to ensure IEC members are equipped with a qualified workforce and positioned for long-term success.
